Regarding Promoting Menstrual Health for women and adolescent girls--
availability of quality sanitary Napkins through Sanitary Napkins Vending
Machines and safe & environment friendly disposal of used Sanitary Napkins
through Sanitary Napkin Incinerators

Sir/Madam,

The issue of promotion of menstrual health and improving women hygiene practices is gaining importance of late. This is also reflected in 'Swatch Bharat-Swasth Bharat' campaign. One of the main reasons is non-availability of Sanitary Napkins easily and at reasonable rates and the safe disposal of the used Napkin pads particularly at work places and educational Institutions. For promotion of menstrual health and improving hygiene practices, it is important to ensure easy availability of sanitary napkins at reasonable rates and disposal of used sanitary napkins particularly at work places and Educational Institutions.

In this connection, it is informed that this product (Sanitary Napkin Vending machine and Incinerator) is available with HLL Life care Limited, a public Sector undertaking under the

 HLL Lifecare Limited
(A Government of India Enterprise)

In view of the stigma and social taboo associated with/sanitary napkins, majority of the girls/women, feel embarrassed and hesitate to go to the commonly known, manned and often crowded conventional/medicine outlets for sanitary napkins, resulting in un-safe practices, and use of unhygienic materials during menstrual periods.

On other hand, Disposal of the used Sanitary Napkins has been a very common problem everywhere. Girls do not like to carry their used Sanitary Napkins or Pads to a bin in front of family and friends. The most common way she uses is, flush it into the drain. Both the above way of disposing sanitary napkins creates problems. The flushing in drain results clogging in drain and throwing in dustbins results in health related problems due to hazardous content in the used sanitary pad.

In order to tackle these problems, and to provide round the clock quality sanitary napkins, HLL proposes a novel way & solution by installing state of the art "Automated Sanitary Napkin Vending Machines" & to dispose the used Sanitary Napkin Pads, " Sanitary Napkin Incinerators".

The detailed techno-commercial proposal including the organization profile, Product information, and financial proposal are attached herewith.

Thanking you and looking forward to your positive response,

D.O No. 15/2/2016 – SBM

Date: 25th April 2016

To Whom So Ever It May Concern

HLL Lifecare Limited, a 100% Government of India Public Sector Enterprise under administrative control of Ministry of Health & Family Welfare, has introduced Sanitary Napkin Vending Machines and Incinerators. These two machines play an important role towards the usage of Sanitary Napkin Pads, which strengthen female hygiene / sanitation & cleanliness practices, and towards an environment friendly way of disposing the used Sanitary Napkin Pads.

Since this machinery is highly inclined towards the objectives of the Swachh Bharat Mission (Urban), it is recommended that these machines be installed at places frequented by women.

Yours sincerely,

(Praveen Prakash)
